

DIGIPHARM

THE FUTURE OF VALUE-BASED HEALTHCARE CONTRACTING

Do you want to...

Provide access to cutting edge healthcare and services with limited budgets?

Transform healthcare payments from volume to value?

Shape and pioneer trustworthy environment in healthcare commissioning?

Eliminate cost and resource burden of implementing a value-based healthcare strategy to realise cost savings?

Protect budgets while improving patient outcomes?

Utilise RWD as it is generated to support care quality management and financial planning?

Do it cost-effectively with DIGIPHARM!

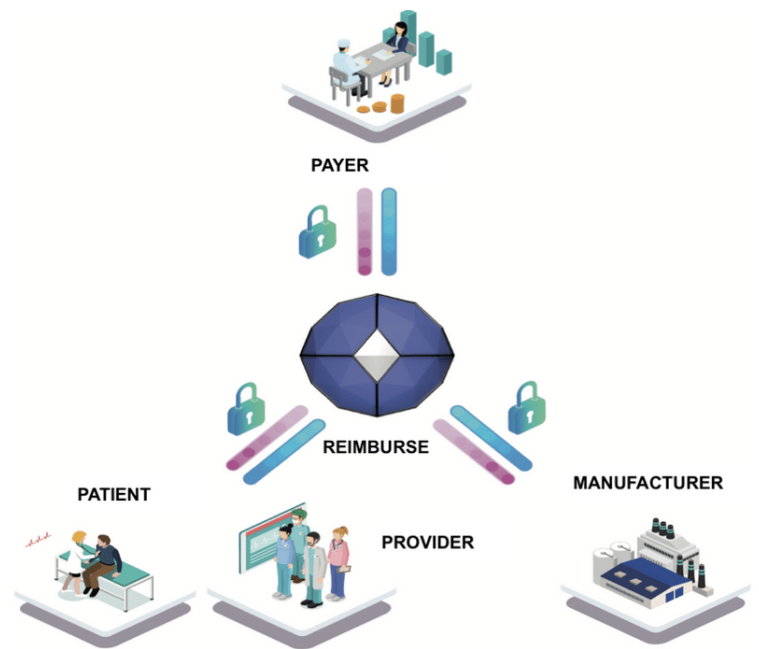

CURRENT BARRIERS TO IMPLEMENTING VALUE-BASED AGREEMENTS

Resource intensive and expensive to implement	Absence of platform with novel contracting capabilities	Difficult and lengthy pricing negotiations	Inability to view outcomes data as it is generated	Subjective agreements leading to disagreement in interpretation	Lack of experience implementing novel contracts	Easy for outcomes data to be manipulated during manual processing
---	---	--	--	---	---	---

DIGIPHARMS' SOLUTIONS

AUTOMATED VALUE-BASED CONTRACTING

- Automatically validate outcomes and pricing agreements using smart contracting
- Real-time synchronised overview of outcomes & financial performance/budget impact
- Interoperable with existing Health IT systems
- Enables use of RWD for forecasting/process improvement/post-marketing studies
- Protects against data manipulation via an immutable blockchain audit trail
- Smart contracts eliminate manual processing
- Privacy by design - GDPR & HIPAA compliance

PROM COLLECTION MADE EASY

The Digihealth application enables tracking and evaluation of Patient-Reported Outcome Measures (PROMs) remotely via smartphone application.

Digihealth enables healthcare providers to monitor patient quality of life throughout the care continuum: Autom

- Remote PROM collection
- Contains all ICHOM standard sets and established PROM questionnaires
- Improves adherence, response rates and compliance
- Informs value-based agreements

BENEFITS

Eliminate >95% administrative burden	Become a pioneer to improve patient access & outcomes	Facilitate stakeholder collaboration and reduce negotiation times	Tamper-proof audit trail and trust in outcomes data	View outcomes & payment data in near-real time	Enable fair pricing	GDPR & HIPAA compliant	Implement comprehensive multi-party agreements easily
